WESTERN PRIDE PEACH

Postpaid Prices:	Each
No. 1, 4-6 ft.....	\$2.00

This wonderful Peach is of our own origination, being obtained by us from a seedling Peach grown at Ontario, Calif. Fruit is of large size, highly colored, yellow with generous portions tinged deep red. Flesh golden yellow, firm, deliciously flavored, entirely freestone. A consistent producer, bearing when other Peaches fail. Ripens following Rochester. One of the earliest good canning Peaches, practically fuzzless, excellent shipper. Write for prices 50 or more trees.

Carlton's New Apple **GALER**

On sale this fall for the first time, and available only from the Carlton Nursery Co. This new, high quality apple was developed in the famous Hood River Valley, right here in Oregon. We have observed and tested the fruit for several years, and knowing its many merits as a "Home Orchard" apple, we are eager that our friends and customers have this variety.

The apple resembles the Delicious—a richly colored apple—glowing yellow and bright red. The flavor is sweet, with enough acid to be satisfying to the taste. A superior cooking and pie apple. Tree is hardy, vigorous and produces heavily at an early age. Fruit keeps well with or without storage.

Postpaid Prices:	Each
No. 1, 4-6 ft.....	\$2.00

MAX RED BARTLETT PEAR

(Pat. No. 741)

Postpaid Prices:	Each
No. 1, 4-6 ft.....	\$2.00

The Red Bartlett pear, developed from a bud sport in the A. D. McKelvie orchard at Zillah, Washington. The quality, shape, and size of this new fruit is identical to that of the popular Bartlett, which has long been the favorite home and commercial canning pear. The new Red Bartlett has about 10% more sugar content than the regular Bartlett. The color is cherry-red color after storage.

INTRODUCTIONS

OVER HALF A CENTURY'S EXPERIENCE IN GROWING AND SELLING FRUIT TREES

If you are not familiar with the Fruit Varieties or the varieties best suited for your locality

Let Us Help You

with your selections. Simply tell us how many trees you want of a class. (For example: 3 Apples, 2 Cherries, 4 Peaches, etc.) We will select the best for you—varieties which are proven for your particular district.

ORDER BY MAIL . . . WITH CONFIDENCE

GIANT ELBERTA PEACH

(Pat. Applied For)

The Giant Elberta peach, developed from a seedling in an Elberta orchard. Hardy, fast growing, very prolific tree producing fruit at least one-third larger than the standard Elberta. Fruit is a deep yellow overlaid with brilliant red, perfectly freestone, flesh firm and finely textured. It ripens evenly on both sides at same time, and about 10 days earlier than the standard Elberta.

New Parson SWEET ITALIAN PRUNE

(Pat. No. 872)

TESTED AND PROVEN

Order Early—Avoid Disappointment

This new prune has been nurtured for several years under test conditions and has proven superior in many respects to other varieties. It is hardy against unfavorable weather conditions and bears at an early age. The fruit dries heavily without drip or run and remains the same for long periods of time. Although of remarkable sugar content, dried fruit does not whiten with sugar rising to the surface. Laboratory analysis rates Parson Sweet prune 50.7% sugar content, compared with 41.0% for other Italian prunes. Mild sweet flavor makes it a possibility for special holiday packs. Because of the higher sugar content, additional sugar for cooking or canning is unnecessary. Fruit is ready for picking 10 to 12 days ahead of the Italian. Heavy bearing quality is noteworthy, even on new branch growths. An outstanding prune, a good shipper.

Medium Size —Two year trees, 3 to 5 ft. tall.....	1.00	.90 ea.

ORCHARDISTS NOTE: Please write for Special Commercial Price on 50 or more trees of a class.

IMPORTANT

We can supply the smaller grade fruit trees which are often quoted in unclassified Bargain Offers, and we will be glad to quote them on request. We do not, however recommend them for Home Orchard Planting—knowing that the larger size, better quality trees will give the greatest satisfaction.

One good Fruit Tree costs less than a box of fruit, but it will itself produce many boxes of choice fruit very soon after it is planted.

We invite your comparison of our Prices, Grades and Quality. The Fruit Trees described in this Catalog, and priced above are Nursery Grown, on whole root, liberally graded and strictly first Quality trees. There is a vast difference in trees sold on the market today—Trees quoted by height alone are usually undersize and often No. 2 quality. **BE ASSURED OF THE BEST BY ORDERING CARLTON TREES.**

Apples

PRICES: Please refer to condensed price list above.

Apples in this catalog are classified according to their seasons of maturity or use, such as "Summer", "Fall" and "Winter".

SUMMER VARIETIES

YELLOW TRANSPARENT—Earliest summer apple; always in demand for sauce or pies. Skin golden yellow; flesh white, fine grained, juicy, crisp, tender and sub-acid.

LODI—Similar to Yellow Transparent, but a stronger growing tree, and a regular producer.

GRAVENSTEIN—An old-time favorite cooking apple in any form, especially fine for pies; crisp and juicy. Hardy and bears young.

RED JUNE—Always a favorite variety. Skin attractive red; flesh juicy, somewhat tart flavored. Hardy and productive.

RED GRAVENSTEIN—Bright red, juicy flesh, excellent flavor, good shipper and desirable as a commercial sort.

RED JONATHAN

RED SPITZENBERG

FALL VARIETIES

KING—A large waxy yellow-green apple with red striping. Very good keeper, excellent dessert and baking apple which is also in demand by the market. Late September.

GRIMES GOLDEN—Rich golden yellow, excellent eating and cooking apple. Flesh crisp, juicy and sub-acid.

WEALTHY—Almost full red in color. The flesh is white with trace of red. Fruit is very juicy and has a delicious flavor.

YELLOW BELLFLOWER—Oblong ribbed fruits. Yellow skin touched with green and blushed pink. Cooking variety.

All of our fruit tree Budwood is **SELECTED** (not gathered), in cooperation with the State Experiment Station and the Oregon Department of Agriculture.

RED DELICIOUS

WINESAP

WINTER VARIETIES

BALDWIN—One of the old favorites. Hardy, rapid grower. Fruit large, round, deep red, crisp and juicy. Good family variety.

BRIGHT RED ROME—A magnificent "double red" Rome Beauty; very early bearer; excellent shipper; a sure cropper.

CORTLAND—Beautiful, large red apple, late keeper and wonderful shipper.

DELICIOUS—This is the original Delicious and all that is claimed for it. It is a thrifty grower, hardy and prolific bearer. Highly flavored, excellent quality and a good keeper.

RED DELICIOUS—Large brilliant red, flavored sweet, lightly touched with acid. Flesh fine grained, crisp and juicy. Preferred for eating. Good keeping qualities.

YELLOW DELICIOUS—A wonderful apple; an early bearer of beautiful yellow apples; good shipper.

McINTOSH RED—All red apple, hardy and productive. Keeps well.

NORTHERN SPY—A fine, large striped red, tender, mild, juicy apple, excellent eating or cooking. Keeps well up to June. Strong growing trees.

RED SPY—New, from New York Experiment station; typical Spy except in color; solid bright red; very hardy and productive.

ROME BEAUTY—Large, yellow and bright red. Flesh yellowish, tender, juicy, sub-acid. Good bearer, excellent cooking apple.

YELLOW NEWTOWN PIPPIN—This stands as high as any apple; a market and cooking variety. One of the best keepers known. Flesh rich, juicy and crisp.

SPITZENBERG—Medium to large, deep red, spicy, crisp flavor, an old favorite, good cooking and eating. Fine keeper.

RED SPITZENBERG—A solid rich red Spitzenberg of high flavor and quality.

WAGENER—Medium to large; deep red in the sun. Flesh firm, sub-acid and of excellent flavor. Very productive, even when young. December to April.

JONATHAN—Red and yellow, juicy, rich flavor, tender flesh. Very productive. Good commercial apple. Fine eating.

RED JONATHAN—Same type and quality of Jonathan, but a solid red, highly colored apple.

Proven Old Favorites And New

Our stock includes the best of the proven old favorites as well as the dependable newer varieties, covering a range of seasons and uses to meet all requirements.

The following profitable new varieties of merit should be planted by commercial planters desiring the best: Bright Red Rome, Solid Red Delicious, Yellow Delicious, Red Gravenstein, Red Spy, and Yellow Transparent. These are money makers. Order today.

WINTER BANANA—Large, clear waxy yellow with blush, fine tart flavor, good cooking and eating, crisp.

WINESAP—One of the standard commercial varieties due to its excellent keeping qualities. Dark red skin; juicy, sub-acid flavored flesh.

RED STAYMAN WINESAP—New rich dark red Stayman. Heavy bearer, firm texture, delicious spicy flavor. Late keeper, good commercial and home apple.

Crab Apples

PRICES: Please refer to condensed price list, page 4.

HYSLOP—September to October. Fruit medium; yellow with shadings crimson maroon; flesh fine, firm, yellow, astringent; bears abundantly. Ornamental. One of the most desirable sorts for culinary purposes.

RED SIBERIAN—An inch in diameter; clusters; bears young and abundantly. August to September.

WHITNEY—August. Fruit large; yellow, striped with red and covered with red on sunny side; flesh yellow, very juicy and fine grained; flavor rich and almost sweet.

WINTER BANANA

ROME BEAUTY

PEACH, RED HAVEN

Profits*

Carlton's Better

RED HAVEN—Tops all extra early peaches. Earliest yellow freestone, ripening about 10 days before Golden Jubilee. Brilliant red color with creamy yellow background, smooth skin, almost fuzzless. Reddens before it ripens. Bears heavy crops and should be thinned for best results. See illustration.

GOLDEN JUBILEE—The wonderful new yellow freestone ripening ahead of Rochester, making it a highly profitable sort of excellent quality. Firm, rich in sugar, delightfully fragrant.

ROCHESTER—Has the habits and characteristics of the Crawford, but fully two weeks earlier. Yellow, freestone, good size, very sweet, fine flavor. Requires only half the usual amount of sugar for canning.

WESTERN PRIDE—Description, page 2.

SLAPPY—Fruit yellow, good keeper; excellent flavor, fine grained, rich. Hardy, early yellow peach. Excellent quality.

CHAMPION—Best of white freestone varieties. Skin creamy-white with red flesh. Extremely hardy and of uniform good quality.

EARLY CRAWFORD—Has all characteristics that gratify taste. Color rich red splashed and mottled with darker red and golden yellow. Flesh is beautiful and perfectly free from stone. Matures in mid-season. Vigorous and productive.

HALE HAVEN—A wonderful new, extremely hardy shipping peach, ripening between Rochester and Improved Elberta. Immense golden yellow with a red cheek and a strong protective skin. This fine grained, firm, rich, golden fleshed freestone bears very heavy crops at an early age. Very profitable. An improved South Haven.

GIANT ELBERTA—Description, page 3.

PEACH
RIO
OSO
GEM

Best commercial peach sorts for the Northwest and Pacific Coast. All Freestones. Improved Early Elberta, J. H. Hale, Rio Oso Gem, Western Pride, Rochester, Elberta, Golden Jubilee, and Hale Haven.

"These are money makers."

PRICES: Please refer to condensed price list, page 4.

LISTED IN RIPENING ORDER

MAYFLOWER—One of the earliest peaches. Medium sized, creamy white fruits, mottled with dark red; firm, white, juicy flesh.

ALEXANDER—One of the finest early peaches. Greenish-white skin, shaded red; white flesh, very sweet and juicy.

NECTAR (Plant Patent No. 86)—Finely textured white-fleshed peach of distinctive flavor suggestive of nectarine. Almost fuzzless and with an appetizing aroma. A fine early ripening freestone. **Add 20c Royalty.**

BABCOCK—The fruit is almost round, above medium size; colored beautiful pink to deep crimson. The skin is exceptionally smooth; flesh white. Recommended for regions having a mild winter only.

ARPS BEAUTY—Elberta type, hardy, prolific. Skin yellow, mottled bright crimson. Flesh is yellow, firm, juicy, excellent flavor. Semi-clingstone.

HALES EARLY—One of the very best early white peaches. Skin greenish, splashed with red. Flesh white, juicy and sweet.

Peaches

IMPROVED EARLY ELBERTA—This peach is the "Queen" of all canning peaches, and no doubt the biggest selling peach on the market. Fruit is a beautiful golden yellow, blending into a glorious deep pink on the sunny side; a strong protecting skin; exceptionally heavy bearer and a wonderful pollenizer for the J. H. Hale. Ripens about two weeks earlier than Elberta. A truly super-quality canning peach.

J. H. HALE—Peach growers have demonstrated during the past several years that this is a profitable variety. Fruit is of largest size, highly colored; flesh is yellow, exceedingly firm; flavor is unexcelled. Fruit ships exceedingly well; remains on the tree in a firm condition for a longer time than any other freestone. **The true type J. H. Hale.**

VETERAN—A yellow freestone of Canadian origin. Fruit is large, round, superior to Elberta in quality and ripens about two weeks before Elberta.

ELBERTA—Large yellow, with red cheek; flesh yellow, firm, juicy, of high quality. Exceedingly prolific. Leading market variety.

RIO OSO GEM (U. S. Plant Patent No. 84)—(Add 10c per Tree)—A splendid new peach that ripens during the period when there is no other peach on the market. **Rio Oso Gem** ripens ten days to two weeks after J. H. Hale, is more highly colored, finer grained in texture, firmer and of better quality than J. H. Hale.

INDIAN BLOOD CLING—Home use. Deep red flesh. Popular for pickling and other culinary uses.

TUSCAN CLING—Commercial canning, shipping, and home orchard. Fruit of good size and attractive. Flesh yellow, with some red at pit. Flavor good.

ORANGE CLING—Home canning and shipping. Fruit very large; attractive. Flesh yellow and of good quality. Very productive.

SALWAY—Shipping, drying and home orchard. Flesh yellow, of fairly good quality.

APRICOT

PEACH
IMPROVED
ELBERTA

Apricots

PRICES: Please refer to condensed price list, page 4.

TILTON—Fruit large size, rich apricot color, flavor of the highest quality. Bears immense crops, either for canning or drying.

PEACH APRICOT—An extremely early, very large, handsome color, firm, rich and highly flavored. Shipping sort.

WENATCHEE MOORPARK—One of the largest size apricots. Color deep apricot with brownish red when ripened in the sun. Flesh firm, juicy and parting from the pit, pleasant sweet flavor.

MORMON (or Chinese Apricot)—Hardest of all apricots. The fruit is large size with a firm, fine grained texture, exceptionally sweet flavor and retains its rich apricot color when canned.

PERFECTION—An exceedingly large size Apricot, good flavor, sweet and juicy. Trees bear abundantly at an early age.

ASSORTED
PLUMS

Carlton's

Better Plums

PRICES: Please refer to condensed price list, page 4.

SATSUMA—A very large and well flavored plum with blood red flesh; skin blush red; very small pit; vigorous and productive. A well known variety much in demand for home canning. July.

RED ACE—Midseason. Big, red fleshed plum full of delicious juice. Freestone.

WICKSON—Large, yellow shaded crimson, flesh amber colored, sweet and juicy.

YELLOW EGG—Ripens end of August. A large, handsome yellow plum. Good for home use or market. Golden yellow covered with thick bloom. Flesh firm, sweet and juicy.

BEAUTY—Early June. Shipping and home orchard. The earliest Japanese plum, important commercial variety. Fruit medium size, heart shaped, and crimson. The flavor is good. Tree productive; self-fertile.

BURBANK—Home orchard and shipping fruit of large size, almost round, yellow mottled with red. Flesh sweet and of good flavor. Ripens after Climax and before Santa Rosa.

CLIMAX—Large, heart shaped, cherry red fruit. Delicious juicy fruit ripens in mid-June. Tree bears heavily at an early age.

DAMSON—August-September. Local market and home orchard. A tart plum very popular for culinary uses. Fruit small, roundish, dark purple with heavy bloom. Very productive.

DUARTE—Late July. Shipping. A blood-red plum of late introduction. Fruit large and elongated; skin a dull red. Flesh firm, deep red, and good quality.

GREENGAGE—A medium small greenish yellow plum of high quality. Midseason.

PEACH PLUM—Fruit large and earliest to ripen; regular, roundish; skin red, dotted with a blue bloom; flesh greenish yellow; tinged with red at maturity; a rich brisk flavor; the leading market variety. Middle of July.

PRESIDENT—Late shipping variety. Large, oblong, dark blue fruit. Yellow flesh of fine texture. Heavy producer. Good culinary variety.

SANTA ROSA—Large; purplish crimson; flesh yellow, mottled crimson; very good quality. Excellent for all purposes. Early July.

Prunes

PRICES: Please refer to condensed price list, page 4.

The Budwood for our prune trees is selected from the finest and best strains on the Pacific Slope.

BURTON—A new prune which is one of the largest and finest drying prunes. Rich violet-purple in color, with golden yellow flesh and small pit. A consistent and regular bearer. September.

COATES 14-18; DATE PRUNE—Sweeter, larger than French; fine for drying. Reddish purple, juicy.

HUNGARIAN—Largest size, beautiful bright red. one of the best for marketing; not good for drying. Sept.

ITALIAN (Fellenberg)—Medium to large size, oval, dark purple; flesh juicy, sweet and delicious; a standard drying and shipping variety. September.

EARLY ITALIAN—One week ahead of Italian. Fruit identical in shape and color to common Italian.

SILVER—Large, oval, pale yellow skin. Flesh firm, rich, sweet and yellow. Good late prune.

SUGAR—Early August. Drying and fresh shipping. The earliest prune. Fruit medium to large, oval, dark purple. Flesh sweet, medium quality. Good pollenizer.

PARSON SWEET ITALIAN PRUNE—Description on page 3.

TREES AND PLANTS

Pears

PRICES: Please refer to condensed price list, page 4.

SUMMER VARIETIES

BARTLETT—A well-known favorite for eating fresh or canning. Large size, buttery, juicy and high flavored. August to September. See colored illustration.

RED BARTLETT—See page 2.

CLAPP'S FAVORITE—Large finely textured pear resembling Bartlett. Pale yellow color with brown dots, melting, buttery, juicy, delicately flavored. Ripens about two weeks ahead of Bartlett.

BARTLETT
PEAR

AUTUMN AND WINTER VARIETIES

BEURRE D'ANJOU—A fine pear; rather large; flesh yellowish white, rich and vinous flavored. Tree good grower and productive. October and November.

GOLDEN RUSSET (Bosc)—Large, deep yellow, russet colored and long neck. Half melting, juicy, delicious, with pleasant odor. Good shipper. September.

DOYENNE DU COMICE—Skin rich yellow at maturity, often lightly shaded with crimson. Flesh white, fine grained and melting, sweet and rich. Very good. October to November.

GORHAM—Large size, golden yellow when ripe, resembles Bartlett, ripens about two weeks later; fine flavored and firm texture.

FLEMISH BEAUTY—Large fruit; pale yellow, becoming reddish brown at maturity on the sunny side. Flesh yellowish white and juicy. Excellent for canning. Late September.

WINTER NELIS—Tree hardy and thrifty. A delicious winter pear of medium size; flesh yellowish white, very juicy when ripe. One of the very finest for eating fresh. December to February.

WINTER BARTLETT—Fruit large, closely resembling the famous Bartlett in shape, flavor, and appearance but ripening considerably later.

Nectarines

PRICES: Please refer to condensed price list, page 4.

In growth, habit, treatment and soils precisely similar to peach. Valuable for dessert; smooth skin.

BOSTON—Medium; deep yellow, with a bright blush and deep mottlings of red; flesh yellow without any red at the stone; sweet. Freestone.

STANWICK—Extremely large fruit, skin pale green, shaded purplish red; flesh white and juicy, with a most delicious flavor.

DIXIE—Large size, highly colored skin, deep yellow flesh. One of the finest of all for eating and home use.

NECTARINE

Carlton's Better Cherries

BING CHERRY

Sweet Cherries

PRICES: Please refer to condensed price list, page 4.

Special Note to Commercial Planters—Our cherry trees are grown from heaviest consistent producing orchards. Pollenizers offered are taken from same proven blocks of Royal Anne, Bing, and Lambert.

BING—Very large, flesh solid, flavor of the highest quality; tree thrifty, upright grower, very hardy and productive; a fine shipping and market variety.

BLACK REPUBLICAN—Fruit dark color; rich, solid and an excellent keeper. Middle of July. Pollenizer.

BLACK TARTARIAN—Very large, purplish black, half tender; flavor mild and pleasant. Tree vigorous, immense bearer. Ripe last of June. Pollenizer.

DEACON—Similar to Black Tartarian in color and size, but superior in texture and shipping qualities. One of the most satisfactory for pollenizing.

LAMBERT—Size very large; form roundish, heart-shaped; color dark purplish red, meaty and of fine texture; semi-cling, small seed; flavor sweet or very mild sub-acid, aromatic, rich. Quality very good and an excellent shipper.

ROYAL ANNE (Napoleon)—Fruit large; light yellow with red cheek, very rich, solid, excellent keeper. The leading commercial canning cherry.

Sour Cherries

PRICES: Please refer to condensed price list, page 4.

MONTMORENCY LARGE (Sour Cannery Variety)—This very hardy tree is a regular cropper, and bears immense crops at an early age. The fruit is large, fine flavor, shining red and valuable everywhere. Our Montmorency Large buds are selected from the best proven blocks on the coast, and are highly recommended by the leading canneries.

EARLY RICHMOND (Kentish)—Medium size, bright red; flesh melting, juicy and rich acid flavor. Last of June.

ENGLISH MORELLO—Medium to large; blackish red, rich, acid, juicy and good.

LATE DUKE—Fruit large, roundish, rich, dark red, sub-acid. Ripens last of July.

MAY DUKE—One of the best hardy cherries; medium size, dark red, melting, rich and juicy. First of June.

Quinces

Postpaid Prices:

4 to 5 ft.....	\$1.50 each
5 to 6 ft.....	\$2.00 each

PINEAPPLE—Flavor is suggestive of pineapple; fruit resembles Orange quince; making superior jelly; can be eaten raw, has a most delicious flavor, not equaled by any other quince.

Figs

OREGON GROWN AND ACCLIMATED

	Each
Two year old.....	\$2.50
Three year select.....	3.50

LATTARULA—A sweet white flesh fig of excellent flavor and quality. White skin. Bears first year. Ripens two crops a season. First crop first part of August, second crop October. Used for eating fresh or preserves. Has proven very satisfactory for the Northwest. For best crops do not prune.

NEGRONNE—This variety comes from Spain, and is jet black when fully ripe; blood red pulp; very fine flavor; two crops a season; fine lacy fern-like leaves; very ornamental all summer; vigorous grower and extremely hardy; never has shown frost or winter injury.

ROYAL ANNE CHERRIES

GIFT SUGGESTIONS

Let Your Christmas, Anniversary, and Birthday Gifts "Live"

One of the most appreciated gifts for your garden friend is a "Living Gift" of a Camellia, Rhododendron, Azalea, Rose, Tree, Shrub, Vine or Plant.

The QUICK-EASY way to solve all your GIFT PROBLEMS . . . but more important . . . THE MOST SATISFACTORY.

EASY FOR YOU—No bother of packing and shipping. Just send us the following information:

1. Select your Gifts from our 40-page Catalog.
2. To whom is the Gift to be shipped? (and address).
3. Who is the Gift from? (signature for Gift Card).
4. The occasion? (Christmas, Birthday, etc.)
5. When do you wish Gift shipped? (Don't hesitate to order, even though conditions are not right for planting on the date of the occasion. We will be glad to send a Gift Certificate, advising that shipment will be made later.)

WE'LL DO ALL THE REST: Your Gift will be shipped prepaid to destination, and we'll send an appropriate card (Christmas, Birthday, etc.), signing the "Giver's" name and advising when and how the "Gift" is being shipped.

*Add 15% of purchase price to Gifts to be shipped East of the Rocky Mountains.

BROWN TURKEY FIG

FIGS—CALIFORNIA GROWN

4 to 6 ft.....	\$1.50
----------------	--------

KADOTA—The leading canning and preserving fig. Fruit medium size, light green in color, very sweet and practically seedless. Tree bears when very young.

MISSION—Good all-purpose fig. Fruit medium to large, dark purple to black in color. Tree large, spreading, and produces two distinct crops.

WHITE ADRIATIC—Best white all-purpose fig in many coastal areas. Fruit medium to large, white with reddish pulp. Good quality.

BROWN TURKEY—The large purplish brown colored fruit with rich strawberry-red flesh, is sweet and juicy. Prune trees heavily in winter for production of larger and finer figs.

CACO GRAPE

Carlton's Better Grapes

Have Plenty of Grape Jelly, Jam and Juice

HOW TO PLANT GRAPES—Dig a deep, broad hole and fill up to the right depth for planting with compost or rich soil. Trim the roots slightly and cut back the top to three or four strong buds. Use rich soil and always firm earth around plant.

Hardy American Grapes

Postpaid Prices:	Each	10
No. 1 Plants.....	\$.50	\$4.00

Special prices on large orders.

CAMPBELL'S EARLY—Handsome black berries with purple bloom; rich, keeps very well.

CONCORD—Fine black variety; juicy and sweet, splendid flavor; reliable and productive. One of the most popular and adaptable varieties. The standard grape in many sections.

WORDEN—Seedling of the Concord, which it greatly resembles in appearance and flavor, but the berries are larger. The fruit is better flavored and ripens earlier than the Concord.

NIAGARA—Very large, round, golden white grape of musky flavor, grown in large, compact bunches. Ripens same season as Concord and is often called the "White Concord". Very hardy and prolific.

AGAWAM—Large bunches, red berries, tender and juicy; ripens early. Good bearer. A very fine table grape.

New Hardy Grapes

Postpaid Prices:	Each	10
No. 1 Plants.....	\$.75	\$6.50

CACO—The new red grape. Of exceptional merit. Earlier than Concord. Wine-red, compact bunch, good size, hardy, thrifty grower. Good arbor variety.

FREDONIA—This new blue-black grape was originated and thoroughly tested by the New York Experiment Station. Ripens 15 days before Concord. Very large berries on compact bunches; spicy, sweet flavor and fragrant. Vines are hardy, thrifty, and heavy producers.

GOLDEN MUSCAT—Choicest golden amber-white grape for your fancy desserts and wines. Large, somewhat oblong berries in large, compact bunches. Rich, sweet, mellow, aromatic Muscat flavor. Wonderful keeper, shipper and producer.

ISLAND BELLE—Ripens middle of August to September. Keeps sound and perfect both on and off the vine for weeks, after other grapes are gone. Both clusters and berries are large, glossy black with attractive blue bloom; sweet and juicy.

SENECA—One of the newer white grapes ripening about the time of Fredonia. Vine vigorous and hardy. Fruit in compact bunches, good size, sweet and juicy. Splendid for table and juice.

CONCORD GRAPE

Always Bear

Table Grapes

European varieties of grapes produce best in the warmer climates. In the northwest, plant these varieties in well-protected, warm location.

Postpaid Prices:	Each	10
No. 1 Plants.....	\$.50	\$4.00

MUSCAT OF ALEXANDER—Large, long, somewhat loose bunch; berries elongated, slightly oval, amber color when ripe; flesh firm and brittle, sweet, rich, sugary. Used largely for raisins. September.

THOMPSON SEEDLESS—The best known seedless grape; widely planted for raisins, market and home fruit as well. Large bunch of rather small, amber-yellow berries; sweet and mild.

TOKAY—Very large bunch and berry, thick skin, pale red covered with bloom; firm sweet flesh. An old standard table variety. October.

RIBIER—Extra large, handsome black variety, useful for arbors. Mid-season.

SWEETWATER (White)—Medium size, sweet, rich.

GRAPE, THOMPSON SEEDLESS

Carlton's Better

Blueberries

CULTURE

An acid soil, rich in leaf mold and with an abundance of moisture throughout the growing season, is a necessity for successful blueberry culture. Peat bogs, alder bottoms, willow and cedar swamps, when cleared, make ideal locations for blueberries, as do upland soils containing a large amount of leaf mold, and a natural or artificial supply of water. The foliage resembles that of azaleas and the dainty pink flowers, borne in clusters, are ornamental. Plant in groups of two or more for purposes of cross-pollenization.

Postpaid Prices:	Each	10
12-18 inch plants.....	\$1.50	\$13.50

(Please write for commercial prices)

RANCOCAS — Early, large berries, strong grower, good commercial berry.

RUBEL — Midseason, medium sized crops.

JERSEY—Midseason, large sized berries, very sweet. Vigorous bush.

BLUEBERRIES

PEMBERTON — Midseason, newer variety with extremely large berries.

STANLEY — Late midseason, large, perfumed and most delicious in flavor of all blueberries.

BURLINGTON—Late, well-flavored, large berry, uniform size and a good keeper.

ATLANTIC — Late, upright grower, large fruit and large foliage.

Carlton's Better Berry Plants

Gooseberry

Postpaid Prices:	Each	10
Heavy No. 1 Plants.....	\$.35	\$3.00

OREGON CHAMPION — Berries medium, round, smooth, greenish-white with thin transparent skin; good quality and ripens early; bush vigorous and very free from mildew.

Postpaid Prices	Each	10
.....	\$.50	\$4.50

PIXWELL—It "picks well" as the big luscious berries hang from the branches well away from the thorns. Can be grown farther north than any other named.

Currants

Postpaid Prices:	Each	10
Heavy No. 1 Plants.....	\$.35	\$3.00

PERFECTION—Bright red. It is one of the most productive currants. Rich, mild, sub-acid flavor and having plenty of pulp with few seeds.

CHERRY—Very large currant, much the same quality of the Perfection; bunches short; plant vigorous.

STRAWBERRIES

Strawberries

Postpaid Prices	25	100
.....	\$1.25	\$3.00

DORSETT—A new early, firm and productive berry of high quality.

IMPROVED OREGON — Northwest favorite mid-season strawberry.

Postpaid Prices	25	100
.....	\$1.75	\$6.00

STREAMLINER—Firm, radiant red, richly flavored berry with excellent canning and freezing qualities.

UTAH—A very large, firm all red berry. Vines produce heavy crops, but require good ground and lots of water.

ROCKHILL NO. 26 EVERBEARING

Postpaid Prices	10	25	100
.....	\$1.50	\$3.00	\$10.00

A very productive plant of sweet, rich red berries. Plants bear young and over a long season, making it an outstanding variety. This variety does not produce runners and is propagated by crown divisions.

RED LAKE CURRANT

RED LAKE—One of the newer currants. The fruit is large and bright currant-red in color. The vigorous bushes are very productive, and the long open bunches make picking easy.

Cane Berries

Loganberry

Postpaid Prices:	Each	10
Heavy No. 1 Plants	\$.35	\$3.00

The fruit is large, long, an attractive red color, and although it is a little sour it is highly prized by a very great many people for jams and jellies and for mixing with raspberries and other berries in jams and preserves. The vines are trailing and have to be grown on trellis.

Boysenberry

Postpaid Prices:	Each	10
Heavy No. 1 Plants	\$.35	\$3.00

An immense new berry produced by crossing blackberries, raspberries, and Loganberries. The flavor is a very pleasing blend of these varieties. It has few and soft seeds. The Boysenberry consistently produces heavy crops, bears young, and the fruiting season lasts two months. The vines are most hardy.

Youngberry

Postpaid Prices:	Each	10
Heavy No. 1 Plants	\$.35	\$3.00

The fruit is very large and very juicy, with a rich blended flavor that is pleasing to nearly everyone. The color so very dark red that it is nearly black and the seeds are few in number and soft. The vines are vigorous.

Nectarberry

Postpaid Prices:	Each	10
2-year Transplants	\$.50	\$4.00

Richest flavor of all. Heavier yielding over a long period. Fruits average even larger than Boysenberries.

LOGANBERRY

Thornless Berries

Postpaid Prices:	Each	10
2-year Transplants	\$.50	\$4.00

Thornless Youngberry

Superior to the parent thorny type to the extent that the hard punishing and annoying thorns are not present. In other respects there is little difference. Berries ripen a few days earlier.

Thornless Loganberry

This new berry has proven far more productive and the berries are larger than the old thorny type of Loganberry. A delightful, highly flavored berry of dark red color. The canes are large and entirely thornless.

Thornless Boysenberry

This thornless strain has retained all the good characteristics of its parent, including its rugged, thrifty growth and hardiness. You can handle these canes with your bare hands and enjoy picking the large, attractive fruits.

Cascade Blackberry

Postpaid Prices: Same as Thornless Berries.

A fine new blackberry introduced to bring the flavor quality of the wild plant into the home garden. Fruit resembles Loganberry in size. It is a heavy yielder and unaffected by blight. Rich, sweet flavor, excellent for jellies and pies.

BOYSENBERRY

WASHINGTON
RASPBERRIES

*Carlton's
Better*

Raspberries

A GOOD IN-BETWEEN CROP, EASY TO GROW FOR HOME OR MARKET

(Finest of clean, healthy plants, guaranteed)

Postpaid Prices:	Each	10
No. 1 Plants.....	\$.20	\$1.75

RED

WASHINGTON—New, produces a very heavy crop of berries that are slightly larger than Cuthbert, firmer and brighter color. Disease resistant.

CUTHBERT—Very hardy, medium to large, firm and of excellent flavor, good shipper, at present the leading main crop raspberry.

NEWBURGH—New, the finest red raspberry. Its berries are large, heavy yielder, good shipper, and has rugged upright canes. Similar, but decidedly better than Latham.

WILLAMETTE—A new red raspberry of large size and very firm. This rich red berry has outstanding qualities for table use, home canning and freezing; produces two crops each season.

EVERBEARING

INDIAN SUMMER—A new two-crop Red Raspberry. The berries are large, medium red and of high quality.

BLACKCAP RASPBERRY

Postpaid Prices:	Each	10
No. 1 Plants.....	\$.30	\$2.50

MUNGER—Berries are large, attractive, firm and of the highest quality; rich, sweet and produced in abundance. Bush is hardy and vigorous grower.

Rhubarb

Postpaid Prices	Each	10
.....	\$.20	\$1.75

RIVERSIDE GIANT—Extra large, fine for canning.

CHERRY—This variety has large bright red stalks which are of splendid quality.

STRAWBERRY—This variety produces great numbers of stalks. It is the strongest grower and is more hardy. The stalks are a lighter pink.

Horseradish Roots

Horseradish thrives everywhere.

Postpaid Prices	Each	10
.....	\$.20	\$1.75

Asparagus

Postpaid Prices:
2-year No. 1

10	25	100
\$.60	\$1.00	\$3.50

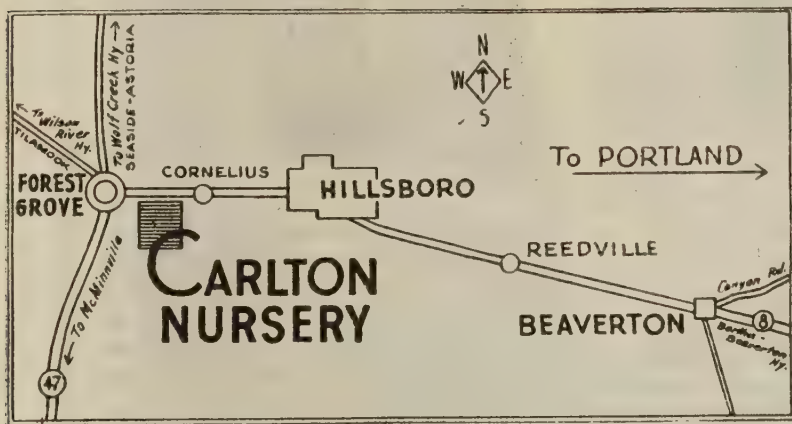

MARY WASHINGTON—Rust resistant. The shoots are large, very vigorous, straight and of superb quality. Dark green. A good variety for both the home gardener and commercial grower.

Put Your Lawn on the SCOTT Program

INFORMATION AND PLANTING SUGGESTIONS

We are interested in your success with every tree or plant we send out; we exercise the greatest care to place every item in the hands of our customers in the best possible condition, and in order to furnish some precautions and provide for complete satisfaction, we give a few hints on such points as are most essential.

TIME TO PLANT—Trees and plants usually become dormant about the 1st of November, and may be planted throughout the fall, winter and spring months. Fall and winter planting is preferred for the reason that the roots become established during the winter months, and are ready to make a vigorous growth when warm weather begins. However, excellent results are obtained with early spring planting.

CARE OF TREES ON ARRIVAL—Unless you are prepared to plant them immediately upon arrival, dig a trench large enough to accommodate the roots; cut the bottom string, and spread the roots carefully, firming the soil about them. **DO NOT PERMIT THE ROOTS TO DRY OUT OR FREEZE.**

PREPARING TREES FOR PLANTING—Many failures of newly transplanted stock are due to the lack of proper pruning. When the trees are dug in the nursery, some of the feeding roots are left in the ground, therefore, when transplanting, it is necessary to restore the balance between the roots and the top by removing part of the tops.

In pruning, make a clean sharp cut. Do not leave stub ends in removing branches. Pruning shears, or a sharp knife, are the best tools to use. Never break pieces off with your hands—make a clean cut.

FRUIT TREES—On branched trees such as most Apple, Pear, Peaches, etc., select three to five side branches on different sides of the trunk and 6 to 8 inches apart and cut back about one-half (three-quarters on Peach stock) their length. Try not to leave two branches nearly opposite. Cut off the top of tree to about 24 to 36 inches from the ground. Whip trees should be topped about 24 to 40 inches from the ground.

SHADE TREES—Do not cut off the leader or main stem, but prune to avoid crowding branches, by thinning out the short branches, and cutting back all the other side limbs.

Roots on all trees and plants should be trimmed back one-half inch or more, cut long roots to balance, cut off all broken or bruised roots.

PLANTING—Dig the hole larger than is necessary to admit all the roots in their natural position; then having the tree pruned as directed, hold it in an upright position, and shovel the soil, carefully putting the finest and best dirt from the surface in among the roots, bringing every root in contact with the soil, firming gently with the foot. The tree should be planted about the same depth, or an inch deeper, than it was in the nursery row; this may be determined by the change of color in the bark.

Commercial and natural fertilizers are valuable when properly used. Do not let strong fertilizers come in direct contact with the bare roots.

WATERING—Artificial watering is highly desirable. Do not sprinkle, but give the plant all the water it will take at one time. No more water need be applied for several days when this is done.

DO NOT EXPOSE ROOTS UNNECESSARILY TO SUN OR WIND. TREES AND PLANTS SHOULD BE PLANTED AS SOON AS POSSIBLE AFTER THEY ARRIVE. KEEP MOIST UNTIL PLANTED. IF NOT PLANTED IMMEDIATELY "HEEL IN" IN MOIST SOIL.

① COVER ROOTS WITH MOIST SOIL BURLAP OR WET NEWSPAPER UNTIL PLANTING HOLES ARE READY.

② CUT OFF ALL BROKEN ROOTS WITH A SHARP KNIFE OR PRUNING SHEARS. MAKE A CLEAN CUT WHICH WILL HEAL QUICKLY.

③ DIG HOLE LARGE ENOUGH TO ADMIT ALL THE ROOTS IN THEIR NATURAL POSITIONS, WITHOUT CROWDING. SET TREE ONE INCH DEEPER THAN NURSERY GROUND MARK.

④ HOLD THE TREE UPRIGHT; SHOVEL THE BEST TOPSOIL AROUND ROOTS, FIRING GENTLY WITH THE FOOT.

⑤ TREES AND PLANTS MUST BE PROVIDED WITH AMPLE MOISTURE THE FIRST SEASON. RETAIN MOISTURE BY THOROUGH CULTIVATION, MULCHING AND WATERING.

⑥ DO NOT LET FERTILIZER COME INTO DIRECT CONTACT WITH THE BARE ROOTS

PRUNING FOR PLANTING

WHIP TREES BEFORE PRUNING AFTER PRUNING

BRANCHED TREES BEFORE PRUNING SAME TREE AFTER PRUNING

WRONG RIGHT

ALWAYS CUT TO "OUTSIDE" BUDS

MOST GARDENING FAILURES

result from **Improper Planting and After Care!**

- Remember the first season for newly planted material is the most critical.
- Don't neglect watering during dry spells, especially for the first two years, or until the plants become well established. Sprinkling is not sufficient—soak plants thoroughly during Spring and Summer months.
- Cultivate or hand hoe the planting beds to a depth of approximately 3 inches, to loosen the soil and keep down weed growth.
- Keep plantings well fertilized, especially large, growing trees, roses and shrubs.
- Be sure to spray or dust at the proper time.
- Do what pruning or trimming is recommended or have this done for you.

HOW TO PLANT SHRUBS

HOW TO PLANT EVERGREENS

1. DIG A HOLE ONE FOOT LARGER AND DEEPER THAN THE BALL OF EARTH ON YOUR EVERGREEN. PROVIDE GOOD, LOAMY TOP SOIL TO FILL AROUND BALL.

Important!! WATERING EVERGREENS

Many plants are lost because of insufficient watering through the months of **March and April**, when spring rains appear to be enough but are shed off by tree and ball becomes dry.

HOW TO PLANT

CURRANTS and GOOSEBERRIES—Cut off half the tops and plant 4 or 5 feet apart. Each year, as soon as fruit is gathered, cut and burn all wood 3 years old. Allow 5 or 6 new shoots to develop each year.

RASPBERRIES, Red and Black—Plant 3 or 4 feet apart in rows 6 feet apart. Set plants 1 or 2 inches deeper than they were in the nursery. Cut back all bushes to six inches or less of the ground. After fruiting, cut out old canes and burn, leaving a few vigorous new canes for fruiting the following year.

GRAPES—Dig a broad, deep hole and fill to the right depth for planting with compost or rich soil. Trim roots slightly and cut back top to one stem with 3 or 4 strong buds. Always plant firmly.

STRAWBERRIES—Cultivate land deeply before planting. Shear long roots back to about four inches. Set plant with the crown at surface or a little below. Spread roots out in fan shape and hanging down to their full length. Firm dirt around roots, leaving loose soil around plant at the surface.

RHUBARB—Plant three feet apart in rich garden soil, with buds 1 inch below level of ground.

ASPARAGUS—Plant in rich soil a foot apart in a furrow 6 inches deep. Cover 3 inches and tramp. In hoeing, work soil toward the plant so that by midsummer the ground is level. Do not cover 6 inches deep at first or plants will smother. Cut only sparingly the second year. Fertilize Asparagus and Rhubarb liberally with stable manure every year.

HOW TO GROW CAMELLIAS, RHODODENDRONS AND AZALEAS

Camellias, Rhododendrons and Azaleas require acid soil. If soil is not naturally acid it should be made so by the application of acid fertilizer, and peat moss. Applications should be made during the early spring months, or in the late fall. Provide sufficient drainage during the winter to prevent bud dropping. Plants require additional moisture during dry summer months. Careful cultivation of these plants will stimulate root action. Pruning to improve their shape should be done immediately after blooming. Picking the camellia blossoms will not harm the plants, but do not cut long stems, as they are slow growing.

TYPICAL GROWTH HABITS OF ROSE TYPES

Shrub Rose

Miniature

Floribunda

Hybrid Perpetual

Climbing Rose

Tea

Hybrid Tea

PLANTING

Preparing soil for rose-bed by working manure into the bottom.

Showing the "bud" placed just under the surface when planted

Keeping the roots in water or thin mud until planted to prevent their getting dry.

PRUNING

A Hybrid Tea pruned close in spring.

An established Hybrid Tea rose pruned high in spring.

Result of close pruning—low, compact bush, large flowers.

The result of close pruning—compact growth, large flowers.

An established Hybrid Tea rose pruned high in spring.

The result of high pruning. Note bare legs and tall growth.

A Hybrid Perpetual rose pruned close in spring.

A Hybrid Perpetual rose pruned high in spring.

The result of high pruning. Note lanky growth and bare base.

DISEASES

Black-spot is an easily recognized enemy of roses. Burn all leaves showing evidence as soon as you find them. If you spray before this nuisance is likely to appear, you may not be troubled at all.

Mildew can be controlled with Bordeaux mixture or sulphur dust which are the standard fungicides for both the diseases illustrated here.

Climber in bloom. Note the new growth.

After blooming remove wood which bloomed, keeping new growth.

WINTER PROTECTION

Winter protection in cold climates The tops of newly planted roses are usually cut back farther than shown here.

CARLTON NURSERY COMPANY

Forest Grove, Oregon

A Complete Home Garden Orchard of 4 Trees

Plant Only Four—COMBINATION FRUIT TREES—Harvest Nineteen Varieties of Fruit

Home owners and tree lovers will find a never ending source of interest in growing these "Combination" Fruit Trees. A single tree with three to five varieties of fruit, ripening over a long season, will produce fruit for every purpose. The "Combination" tree is very ornamental, too, with its display of contrasting colors, shapes and sizes of fruit and makes an ideal shade tree for the small yard. OUR "Combination" fruit trees are especially grown on selected heavy, straight trees, which are root pruned to develop a well branched root system. Quality Supreme—well shaped, branched at the proper height, and good, husky trees.

Combination Apple Trees

FIVE VARIETIES on One Tree.....\$5.00 each
FOUR VARIETIES on One Tree.....\$4.50 each

THREE VARIETIES on One Tree.....\$4.00 each
(Most Apple trees include Gravenstein, one additional early Apple, and two or three selected late varieties)

Combination Prune-Plum

FIVE VARIETIES on One Tree.....\$5.00 each
FOUR VARIETIES on One Tree.....\$4.50 each
THREE VARIETIES on One Tree.....\$4.00 each
Selection of Variety: Italian, Hungarian and Parson Prune; Green Gage, Yellow Egg and Peach Plum. (Italian is included in most combinations, select 2 to 4 others.)

Combination Cherry Trees

FOUR VARIETIES on One Tree, including Royal Anne, Bing, Lambert and a Pollenizer.....\$5.00 each
THREE VARIETIES on One Tree, including Royal Anne, a Pollenizer, and Either Lambert or Bing.....\$4.50 each
(Pollenizers used: Deacon and Black Tartarian)

Combination Pear Trees

FOUR VARIETIES on One Tree.....\$5.00 each
THREE VARIETIES on One Tree.....\$4.00 each
(All Pear trees include Bartlett, Anjou, Golden Russet or Gorham.)

We cannot guarantee the exact varieties of combination trees. We will select the nearest combination to those specified on your order.

Genuine Dwarf Trees

When fully grown, the maximum height of dwarf trees is not over 10 feet, and by proper pruning they can be kept down to six feet. The fruit, which is of true variety, is within reach of easy picking.

Postpaid Prices

No. 1 Branched, 1/2" to 5/8" Caliper.....\$3.25 each; 10 or more, \$3.00 each

We recommend dwarf trees for yards too small to accommodate full size or combination trees.

DWARF APPLE TREES

Gravenstein—Late summer apple, crisp and juicy.
Red Delicious—Large red sweet-flavored apple, lightly touched with acid.
Yellow Delicious—All familiar Delicious qualities in a golden yellow fruit.
Yellow Transparent—Earliest of summer apples, white flesh, tender and sub-acid.

DWARF PEACH TREES

Elberta—Large yellow fruit with red cheek, exceedingly prolific.
Golden Jubilee—Wonderful new yellow freestone, firm, delightfully fragrant.
J. H. Hale—Largest size, highly colored, firm flesh, well flavored, flavor unexcelled.
Red Haven—Best of early peaches, brilliant red color on creamy yellow skin, almost fuzzless.
Hale's Early—Early white meated peach, skin greenish, splashed with red. Fruit juicy and sweet.

DWARF APRICOT TREES

Perfection—Exceedingly large apricot, good flavor, bears abundantly at an early age.
Royal—Large oval fruit, flesh deep yellow, firm, ripens early in season.

DWARF PRUNE TREES

14-18 Date—Sweeter, larger than French. Reddish purple, juicy.
Italian—Medium to large oval, dark purple, standard drying and shipping variety.

DWARF PLUM TREES

Burbank—Large, almost round fruit, yellow mottled with red, flesh sweet and of good flavor.
Plumcot—Medium size, light crimson, good flavor, suggestive of apricot.
Yellow Egg—Golden yellow covered with thick bloom, flesh firm, sweet and juicy.

DWARF PEAR TREES

Bartlett—Well-known favorite, large size, juicy and well flavored.
D'Anjou—Rather large pear, yellowish-white flesh, richly flavored; ripens October-November.
Flemish Beauty—Pale yellow fruit becoming reddish brown at maturity. Ripens late September.
Gorham—Large, golden yellow pear, ripening about two weeks after Bartlett.
Comice—Rich yellow, lightly shaded with crimson, sweet and juicy. Ripens October-November.

DWARF CHERRY TREES

Bing—Very large, dark fruit of highest quality.
Deacon—Very large, purplish black fruit, superior texture. Pollenizer.
Lambert—Roundish, heart-shaped, dark color and fine texture; ripens later than Bing.
Royal Anne—Fruit large, light yellow with red cheek, very rich, solid, and excellent keeper.

ENGLISH WALNUTS

Carlton's Better Nut Trees

Royal Filberts

THE WORLD'S FINEST FILBERT

Prices:	Height	Each	10
Extra Large, Select Branched.....	5 to 6 ft.	\$2.75	\$2.50
Commercial Grade	4 to 5 ft.	2.00	1.75

(Special prices on larger orders)

The Royal is a strong growing tree, which produces an abundant crop of super-large glossy shelled filberts. The rich flavor of the large Royal Nut kernel makes this variety a MUST for every Home Orchard.

Almonds

Prices:	Height	Caliper	Each	10
Extra Large, Select Branched.....	5 to 6 ft.	5/8 to 3/4"	\$2.00	\$1.75
Large	4 to 5 ft.	1/2 to 5/8"	1.50	1.35
Medium	3 to 4 ft.	3/8 to 1/2"	1.00	.90

Plant two varieties for pollenization.

I.X.L.—Standard commercial variety. Hulls easily. Nuts are large and symmetrical. Shell soft, smooth, kernel large and well filled, tree a strong grower.

NONPAREIL—Most popular thin shell variety. Kernel long and narrow and of excellent quality. Tree is a vigorous grower, producing heavy crops of large, well-filled nuts.

NE PLUS ULTRA—An excellent type, good producer, pollenizer, nuts medium to large. Good flavor.

TEXAS PROLIFIC—An excellent type, good producer, pollenizer, nut medium to large. Good flavor.

Filberts

NURSERY GROWN TRANSPLANTS

Prices:	Height	Each	10
Extra Large, Select Branched.....	5 to 6 ft.	\$2.00	\$1.75
Large Branched	4 to 5 ft.	1.50	1.35
Medium Branched	3 to 4 ft.	1.00	.90

BARCELONA—Most widely planted commercial variety. A large, round nut, fully self husking, rich in flavor, kernel uniform in size, clean of pellicle and very prolific when pollenized with about 15 per cent DuChilly and Daviana, alternated by setting every third tree in every third row to a pollenizer. Tree a strong, upright grower.

DU CHILLY—Pollenizer. A large, long nut, about 50 per cent self husking and balance readily husked by machinery or by hand, finest quality demanding a premium over Barcelona.

DAVIANA—Pollenizer. A long, striped nut of the DuChilly type, excellent pollenizer for Barcelona and DuChilly; not planted commercially, quality good and tree a very strong, upright grower.

English Walnuts

6 to 8 ft. Branched Tops	\$5.00 each
6 to 8 ft. Whips	4.00 each
4 to 6 ft. Whips	3.00 each
3 to 4 ft. Whips	2.50 each

(Special prices on commercial orders)

FRANQUETTE (On California Black Root)—Proven to be the best yielder, highest quality, and most hardy tree for the Northwest, blooming late enough to insure regular crops of finely filled nuts. This combination cannot be found in many sorts. The root system of our Walnut Trees is highly developed.

Flowering Trees

PURPLE-LEAVED FLOWERING PLUMS

We Pay All Shipping Charges on Flowering Trees

Postpaid Prices:	Each	3 or more
4-5 ft., light branched.....	\$1.50	\$1.35 each
5-6 ft., branched.....	2.50	2.25 each
6-8 ft., branched.....	3.50	3.25 each

Small growing, distinct ornamental trees used as specimens or grouped with other trees and shrubs in border or background. Their foliage produces beautiful tones of purple, very attractive where colored effects are desired.

Blireiana—Upright growth with dark purple foliage. The blossoms, appearing early in April, are deep pink, double and fragrant. The shape and size resemble the Flowering Almond blooms. This is one of the best varieties. Twelve to fifteen feet at maturity.

Pissardi—Beautiful, purple foliage, retaining its color well through the season. It has attractive pale pink flowers in May. Edible fruit, excellent for jelly. Fifteen to twenty feet at maturity.

Vesuvius (Burbank's Purple Leaf Plum) (Thundercloud)—Foliage larger and more reddish than *Prunus Pissardi*. Flowers are slightly larger and later. A very brilliant decorative tree.

Dwarf Thundercloud Flowering Plum—The leaves appear a rich, red color and gradually becomes darker. 4 ft. trees, grown on dwarf understock. **Each \$3.00, postpaid.**

FLOWERING ALMOND

Double Pink—These well-known bushy shrubs never fail to produce flowers in early spring.

No. 1, 2-3 ft. bushes.....Each \$1.50; 3 for \$4.00

FLOWERING PEACHES

Postpaid Prices:	Each	3 or more
4-5 ft., branched.....	\$1.50	\$1.35 each
5-6 ft., branched.....	2.50	2.25 each

For an easily and quickly obtained mass of spring color, there is nothing to excel the Flowering Peaches. They will grow with the greatest ease anywhere and never fail to produce a great profusion of bloom. Not only are the trees a source of great admiration in the garden, but the trees enjoy having their branches cut for indoor use. (Spray with Bordeaux.)

Double Red—Rich ruby-red. Very large blooms.

Double Pink—Large double pink. Strong grower.

CHINESE ELM (ULMUS PUMILA)—See Page 28

SWEET GUM (LIQUIDAMBAR STYRACIFLUA)
(See Page 29)

FLOWERING CRAB (Malus)

Postpaid Prices:	Each	3 or more
5-6 ft., branched.....	\$2.50	\$2.25 each
4-5 ft., light branched.....	1.75	1.50 each

Produces flower effects equal to those of more talked-of cherries. The crabs are hardy and add a charm of fragrant wildness to a planting.

Atrosanguinea—In early May, every twig and branchlet of the Carmine Crab is covered with clusters of dark pink, almost crimson flowers. Its spreading or weeping habit of growth makes it a handsome lawn specimen.

Bechtel's—The flowers are a beautiful shade of pink, are large, very double and fragrant, resembling little roses. It blooms somewhat later than most varieties.

Eleyi—Attractive reddish foliage in spring changing to pink. Clustered single rose-pink flowers followed by showy red fruit.

Floribunda purpurea—Its purple foliage and bark, single crimson flowers and fruit make it a distinct departure from the ordinary. The flowers and fruit are carried on long, pendulous stems. A strong grower.

Hopa—A beautiful, upright growing tree with attractive foliage. Entirely covered with rose-colored flowers in April. Fruit red inside and out, hanging on until late autumn.

Parkmani—An irregular shaped little tree when young, Parkman's Crab assumes a most attractive picturesque habit as it grows older. The flowers are bright, rosy red, double, and droop gracefully on thread-like pedicels.

Scheideckeri—The flowers of Scheidecker's Crab are double, bright pink, last a long time, and the fruit, which is produced in great profusion, is waxy yellow. The tree has a regular pyramidal habit, about 15 feet high.

Spectabilis (Chinese Flowering Crab)—Growth decidedly erect and vase-like. Flowers double, fairly large and light pink, followed in autumn with yellow fruit.

Flowering Trees

We pay shipping charges on Flowering Trees

ROSE-FLOWERING CHERRIES

Postpaid Prices:	Each	3 or more
5-6 ft., branched.....	\$3.00	\$2.75 each
4-5 ft., light branched.....	2.50	2.25 each

Kwanzan. Double, rose-pink—Handsome of all the double flowering cherries. Blooms just after the middle of April (depending somewhat upon locality). The tree is upright and spreading, and at maturity 25 to 30 feet high. Leaves and flowers appear simultaneously. The buds are red, and the fragrant, rich, rose-colored double blossoms are borne in clusters. A graceful and beautiful tree for the lawn or grounds, also adapted for planting in parking strips and along avenues.

Shirofugen—15 feet. Has the very largest flowers of any variety that we grow, deep pink in the bud and pale pink in the open flowers. It is almost impossible to describe the beauty of this tree when in full bloom.

Mount Fuji—Pure white; remains attractive; calyx turning reddish with age. A bushy, small tree, hardy, extremely floriferous.

Naden—One of the most handsome types. Semi-double lavender pink flowers.

PINK FLOWERING DOGWOOD

Pink flowering variety which is greatly in demand.

Prices:	Each
24-30 inch	\$4.00
30-36 inch	5.00
3-4 ft. (balled in earth).....	7.50

Express or Freight Collect when balled in earth

WEeping CHERRY

No. 1 Heads, about 6 ft. tall
\$5.50 each

Single Pink Weeping Cherry
Double Pink Weeping Cherry

One of the finest weeping trees for lawns and small grounds. The branches are slender and when grafted on tall stems, fall gracefully to the ground. The flowers are rose-colored, appearing before the leaves.

WEeping PEACHES

Prices: No. 1 Heads.....\$3.50 each
Double Red Weeping and Double Pink Weeping

FIG CRAP (See Page 25)

HAWTHORN

Prices:	Each	3 or more
5 to 6 ft., branched.....	\$2.75	\$2.50 each
6 to 7 ft., branched.....	3.50	3.25 each
7 to 8 ft., branched.....	4.50	4.25 each

Paul's Double Red Flowering—Wide spreading irregular, spiny branches, the head about equaling the height in diameter. In May it is very decorative with an abundance of double carmine-red flowers, followed by red fruit.

PINK FLOWERING DOGWOOD

BLIREIANA PLUM (See Page 25)

PAUL'S DOUBLE FLOWERING THORN

PINK FLOWERING ALMOND (See Page 25)

FLOWERING PEACH (See Page 25)

WHITE BIRCH

Shade Trees

We pay all the shipping charges on Shade Trees

By all means plant shade trees. They are effective ornamentally from the time they are set out and soon their spreading growth will create a sheltered environment for the home that will be an increasing pride and joy with the passing years.

FAST GROWING SHADE TREES

Postpaid Prices:	Each	3 or more
5 to 6 ft., partially branched and whips.....	\$2.50	\$2.25 each
6 to 8 ft., branched.....	3.50	3.25 each
8 to 10 ft., branched.....	4.50	4.25 each

(We Pay All Shipping Charges)

BIRCH

European—Leaves similar to Poplar. White bark and pyramidal form. A fine street tree and very hardy.

ELM

Chinese (*Ulmus Pumila*)—A rapid growing tree with a dense head. Extremely hardy.

MAPLE

Norway (*Platanoides*)—Large rapid growing tree that will cast a dense shade.

POPLAR

Lombard (*P. nigra italica*)—Tall, narrow growth. With age becomes one of the most striking and picturesque trees.

WILLOW (*Salix*)

Babylonica Weeping—The most effective large growing willow, narrow green leaf.

Niobe (Golden Weeping)—Golden bark, graceful weeping habit.

SPECIAL NOTE: We can supply, and will be glad to quote smaller "Economy Sizes" of Shade and Flowering Trees on request. However, the quality of trees quoted here will develop quickly, and will give a maximum of pleasure and satisfaction to the planter.

ORNAMENTAL SHADE TREES

Postpaid Prices:	Each	3 or more
5 to 6 ft., partially branched whips.....	\$3.00	\$2.75 each
6 to 8 ft., branched.....	4.00	3.75 each

BIRCH

Cutleaf Weeping—A very graceful, clean appearing tree with white bark and slender drooping branches, deeply cleft leaves.

BOX ELDER

Silver Variegated—Creamy white border on light green leaves makes this tree stand out bright in a planting. Grafted trees.

CATALPA

Speciosa (Western Catalpa)—A rapid growing tree with very large leaves, nice clean bark and large white flower heads, followed by long bean-shaped seed pods.

LINDEN

European (Basswood)—Large, full heads. Large leaves similar to Catalpa. A good street tree.

LOCUST (*Robinia*)

Honey Locust (*Gleditsia Triacanthus*)—Of much slower growth than the black locust. Small round leaves similar to pepper trees. Very attractive and desirable as an ornamental tree.

MAPLE

Schwedleri—Very similar to the Norway maple except the leaves are purple in early spring.

Dasycarpum (Silver Maple)—Rather slim type with silvery bark and light green leaves.

MOUNTAIN ASH (*Sorbus*)

Aucuparia—Narrow erect tree with beautiful clusters of red berries in summer.

OAK (*Quercus palustris*)

Pin—One of the finest oaks for home planting. Straight trunk with symmetrical head of smaller sharp-pointed deeply cut leaves which become bright crimson in autumn.

Red—An excellent tree for park and street planting. Beautiful foliage turning red in autumn.

PLANE TREE (*Platanus-Sycamore*)

Orientalis—An evenly branched tree with rather broad head. A fine stately type.

REDBUD

Cercis Canadensis—Similar in effect to Hawthorn but of more regular growth. Clusters of rosy pink flowers cover the tree in May.

SILVER MAPLE, ACER DASYCARPUM

UNUSUAL SHADE TREES

Prices: As listed following variety name.

GINGKO

Maidenhair Tree (*Biloba*)—This unique tree with its fan-shaped leaves, like those of Maidenhair fern but larger, is unlike any other tree grown. It makes a beautiful addition to lawn or street. Foliage turns bright yellow in fall. **6-8 ft., \$4.50 each.**

LABURNUM VOSSI

Goldenchain—Beautiful small tree with clover-shaped leaves; flowers are fragrant long chains of golden yellow. **5-6 ft. \$2.75 each; 6-8 ft. \$3.50 each.**

HORSECHESTNUT

Pink Flowering—A slow growing dense shade tree with beautiful pyramidal cones of pink flowers. **8-10 ft. branched \$7.50 each.**

SWEET GUM

Liquidambar styraciflua—A fine large-growing tree whose leaves resemble those of the maple with five pointed fingers. Glorious blended shades of red from bright to dark in autumn. **4-5 ft. \$2.50 each; 6-8 ft. \$4.00 each.** (Shipped Collect if Balled in Earth)

FLOWERING DOGWOOD

Cornus Nuttalli (Pacific Dogwood)—Native. Pure white flowers six inches across. An exceptionally attractive Dogwood. Nursery grown. **Each \$4.50.**

NORWAY MAPLE, CRIMSON KING

Acer Platanoides schwedleri nigra (Pat. No. 735)—Crimson King is a beautiful form of Schwedler Maple originated in Europe. It is brilliant crimson all through the summer months. Crimson King has been under observation in America for 10 years and has kept its brilliant coloring all through the season both in the East and on the Pacific Coast. **5 to 6 ft. \$4.00 each; 7 to 8 ft. \$6.00 each.**

FRANKLINIA

Gordonia Alatomaha—Fall blooming, large shrub or small tree. An unusual tree clad in crimson autumn foliage and abundantly starred with fragrant white flowers showing deep orange stamen. Naturally develops several trunks or can be trained into tree form. **3-4 ft. \$4.50 each; 4-5 ft. \$6.00 each.**

HEDGE PLANTS

BARBERRY THUNBERGI

Can You Imagine Anything More Beautiful and Fascinating Than a Living Fence?

BOXWOOD

Suffruticosa (True Dwarf)—Just the thing for formal gardens. No. 1 hedge grade. **50c each; 25 or more @ 40c each.**

BARBERRY

Thunbergi atropurpurea—Handsome bright red foliage. Scarlet berries last into Winter. Hardy and thrives in sun or shade. 12-18 in. plants: **75c each; 10 for \$6.00.**

LAUREL

English—Best for large hedge. 12-18 in. plants: **50c each; 50 or more @ 40c each.**

PRIVET

California—A rapid grower and makes a full, compact hedge. Same price as English.

English—One of the best. 18-24 in. plants: **50c each; 50 or more plants @ 20c each.**

Climbing Vines

Vines provide comforting shade and colorful beauty. Nothing lends such pleasing effect to wall or veranda as gracefully trained vines.

Postpaid Prices:	Each	3 or more
2 Year No. 1 Plants.....	\$1.25	\$1.00 each

(Except as otherwise listed)

BITTERSWEET

Favorite, with bright glossy foliage, bearing sprays of bright orange berries in the fall.

HONEYSUCKLE

Hall's Japan—Old favorite. White and yellow flowers last nearly all summer; almost evergreen.

Scarlet Trumpet—Handsome clusters of scarlet flowers. Hardy, vigorous climber.

JASMINE

White—Good climbing vine with white flowers, very large and delightfully fragrant.

Yellow—Small foliage, flowers large, yellow. Handsome in spring when blossoms appear before leaves.

IVY

Boston—Dainty, lovely vine with small overlapping leaves, forming a dense sheet of deep green, turning in the fall to bright scarlet. Clings tightly to any surface without support.

English—The best for bank covering.

SILVER LACE VINE

Beautiful, quick growing vine, with rich, glossy green foliage, and a mass of feathery white bloom.

VIRGINIA CREEPER

Dense, green foliage turns bronzy red in autumn. Clings to wall or any support.

WISTERIA (Grafted)

Purple or White—The most magnificent of all vines. Lasts for generations, becoming more beautiful each year. **2-yr. plants, \$1.75 each; 3 for \$4.50.**

CLEMATIS

Postpaid Prices:	Each	3 or more
2 Year No. 1 Plants.....	\$1.25	\$1.00 each

Clematis should be planted in rich, well-drained loam, roots shaded and top in the sun.

Jackmani—The giant purple Clematis, and favorite everywhere.

Languinosa Candida—Large sized, lustrous white flowers.

Mme. Ed Andre—Large velvety red flowers.

Paniculata—Luxuriant grower, with fine foliage and an abundance of small, white, fragrant flowers.

Ramona—Large lavender-blue flowers.

GROUND COVER

Japanese Spurge—Evergreen plant growing 6 to 8 in. high. Will form close mat-like growth if several plants are set close together. **10 plants \$3.25; \$30.00 per 100.**

MAGNOLIA, SOULANGEANA

Magnolias

SOULANGEANA—Large lily-like flowers come at the end of winter before the leaves. Purplish-pink and lavender outside, pale lavender or white inside. 2-3 ft. \$7.50 each; 3-4 ft. \$10.00 each.

SOULANGEANA NIGRA—Large dark purple flowers. Inside of cup-shaped flower lighter purple in color. 2-3 ft. \$7.50 each.

STELLATA (Star Magnolia)—Neat growing shrub. Flowers 3 to 4 inches across, with many narrow pinkish white petals. 15-18 inch \$5.00; 18-24 in. \$6.50.

(Magnolias Shipped Balled in Earth—Freight Collect)

TREE ROSES

Postpaid Prices: Large—No. 1 Grade, \$4.75 each
(Any 3 for \$13.50 — 10 for \$4.25 each)

The dramatic beauty of tree roses transforms any garden. Very effective along a hedge, fence, or at the garden gate. Everblooming trees with large, fragrant roses at eye-level.

(Tree Roses are shipped with a painted stake)

Tree Wisteria

No more beautiful sight can be imagined than a Tree Wisteria in bloom. Graceful racemes of pastel-tinted flowers are produced by the hundreds and completely cover the tree during May. On the lawn they develop into beautiful specimens and live for generations, increasing in beauty and dignity each successive season. The plants we offer are grown on stems about four feet high. Available in **blue, pink, purple, violet or white.**

Postpaid prices: Large No. 1 Trees \$7.50 each

Tree Wisteria are shipped with a painted stake.

- BETTY UPRICHARD**—Large, salmon pink.
- CHRISTOPHER STONE**—Velvety scarlet-crimson.
- ETOILE DE HOLLANDE**—Brilliant crimson red.
- McGREDY'S YELLOW**—Buttercup yellow to light yellow.
- MME. JULES BOUCHE**—White with flushed pink center.
- MRS. E. P. THOM**—Delicately fragrant rich yellow.
- MRS. SAM McGREDY**—Orange-salmon, with suffusion of gold.
- PICTURE**—Fragrant rose-pink.
- POINSETTIA**—Semi-double flowers of rich scarlet.
- SNOWBIRD**—Very fragrant, many petaled white.
- TALISMAN**—Blended colors of orange, yellow, rose-red and scarlet on a background of old gold.
- THE DOCTOR**—Dark pink to rich pure pink.

CARLTON NURSERY COMPANY

Forest Grove, Oregon

60 Years Experience in Growing and Selling Fruit Trees

IT'S EASY TO GET *Carlton's Quality Trees*

Mail Orders receive our personal attention and are shipped quickly. Quality unconditionally guaranteed.

Visit One of our Sales Yards—Visitors Welcome.

Main Sales Yard—On Highway No. 6, Forest Grove. (Open all day-light hours every day, including Sunday.)

Lebanon-Sweet Home Sales Yard—On Highway No. 20, 5 miles Southeast of Lebanon and 8 miles Northwest of Sweet Home. (Open all day, every day during planting season.)

Southern Oregon Sales Yard—On Pacific Highway No. 99, 4 miles South of Medford. (Open all day, every day during planting season.)

The Broadest Guarantee Ever Made

We guarantee every plant, tree, or shrub that we ship out to be free from disease, true-to-name, and to arrive in perfect growing condition. If for any reason whatsoever, you are not satisfied that you have received 100 cents in value for every dollar sent us, we will refund your money. Our policy of "Every Customer a Satisfied Customer" means all that it implies, and we are here to give ABSOLUTE SATISFACTION.

Free Replacements

We will replace, free of charge, trees and/or plants that fail to grow—providing, that the planter follows our Planting Instructions. Request for replacements should be made in July, and replacement trees will be shipped in the fall. Free replacements will not be made, where loss is due to reasons beyond our control, such as from rodent damage, breakage after planting, or from neglect in watering and care.

Information

PLANTING SEASON: Fall, Winter and Spring (6 to 8 months), are ideal for planting in the West. Deciduous trees and plants—November to May. Evergreens, Rhododendrons, etc., October to June.

TIME TO ORDER: Orders are accepted any season of the year, for delivery at the proper planting time for your locality.

SHIPPING: We pay all shipping charges West of the Rocky Mountains, excepting on balled evergreens as noted on pages 28 to 36. Parcel Post regulations limit the size of shipments which may be sent by mail. Roses, shrubs, small fruits, small orders of trees, etc., can usually be sent by mail. Most evergreens, etc., are necessarily sent by Express or Auto Freight.

SUBSTITUTION: Please state when ordering an assortment whether substitution will be allowed, as we feel at liberty, when no instructions accompany the order, to use similar or better varieties when we are out of the kinds named. Check the square Yes or No on the order blank.

TERMS OF PAYMENT: Customers will please forward cash with the order. If your order is over \$5.00 and is to be sent C.O.D., send 25% cash with the order.

A BRAND NEW GIFT IDEA THAT BRINGS LIFETIME JOY!

SOLVES ALL YOUR LOCAL AND LONG DISTANCE GIFT PROBLEMS

- A Living Gift of Evergreens, Roses, Shrubs, Vines and Fruit Trees.

... For All Holidays — Always Appreciated.

Facts About Carlton's Quality and Dependability

Every workman is especially trained for his work in growing, handling, grading or packing for shipment, and each operation receives personal supervision.

All Carlton trees are pruned, trained and shaped in the nursery row. Most varieties of Fruit trees are topped at the proper height for branching, thereby developing a uniform, branched top in the nursery row. We are the only nursery on the West Coast offering this high quality type of tree, which gives the planter the thrift of a yearling and the quality and size of a two-year tree.

All tree varieties are carefully marked in the field with true name and registration number. Field charts are carefully checked and recorded, and all registration numbers are available to the planter on request. Carlton trees are not only **true-to-name**, but the strains are better.

All crooked and inferior trees are discarded and only first quality trees are sold.

You'll Grow Better and More Fruit with Carlton Trees.

Bud Selection

SUCCESS IN FRUIT AND NUT TREE PLANTING depends solely on the selection of BUDS from trees producing quality as well as quantity and to have been budded on the proper variety of Root systems adaptable to various soil conditions. **WE ACCEPT THIS RESPONSIBILITY.**

Our foundation root stocks, our scion and bud wood, and the resulting mature trees are rigidly inspected by and in cooperation with the State Department of Agriculture and the Oregon Experiment Station.

SATISFACTION: We have thousands of satisfied customers and solicit inquiries from new customers and **COMMERCIAL PLANTERS.** We assure you that your order will receive our careful personal service and attention.

Carlton trees are free of dangerous pests and diseases, and can be shipped into any State of the Union.

If you are not familiar with the Fruit Varieties or the varieties best suited for your locality

Let Us Help You

with your selections. Simply tell us how many trees you want of a class. (For example: 3 Apples, 2 Cherries, 4 Peaches, etc.) We will select the best for you—varieties which are proven for your particular district.

Turn to page 3 for selection of size and price you wish to pay.

CAPISTRANO (Pat. Applied For)

FASHION (Pat. 789)

THE FOUR 1950 AWARD WINNERS

SUTTER'S GOLD (Pat. applied for)—The only rose to win both the Bagatelle Gold Medal and the All-America Award for 1950. Beautiful golden buds overlaid with orange and red open to spectacular flowers with more fragrance than any other yellow rose. **\$2.50 each; 3 for \$6.25. Postpaid.**

MISSION BELLS (Pat. applied for)—Buds a beautiful deep salmon pink opening to a clear shrimp pink. Large flowers generally borne singly on stems make this a very desirable rose. **\$2.50 each; 3 for \$6.25. Postpaid.**

SUTTERS GOLD (Pat. Applied For)

CAPISTRANO (Pat. applied for)—A vigorous and sturdy rose producing large buds and flowers with a rich, heavy fragrance. Deep, glowing rose-pink in the bud and open flower, with a beautiful leathery foliage. **\$2.50 each; 3 for \$6.25. Postpaid.**

FASHION (Pat. No. 789)—**FLORIBUNDA ROSE.** Abundant double blooms of deep coral-peach borne in clusters. Blooms from spring until heavy frost. Especially suitable for table decorations and corsages. Bushes strong and vigorous, growing to 3 feet. Very desirable. **\$2.00 each; 3 for \$5.00. Postpaid.**

1950 ALL-AMERICA COLLECTION

One each of the four All-America
Winners on this page.

ONLY **\$7.95** Postpaid

MISSION BELLS
(Pat. Applied For)

NEW and FAMOUS Patented Roses

©
PEACE (Pat. 591)

PEACE (Pat. No. 519)—Most beautiful rose ever introduced. Color changes from canary yellow, pale gold, creamy ivory, to alabaster white, with soft rose pink edging to petals. Immense size and perfect form. **Each \$2.00; 3 for \$5.00. Postpaid.**

FANDANGO
(Pat. applied for)

NOCTURNE (Pat. 713)

FRED EDMONDS (Pat. 731)

BLANCHE MALLERIN (Pat. No. 594)—Long, conical buds, and beautifully formed blooms of true white, exhibition shape and size. Healthy, good foliage. **Each \$1.50; 3 for \$3.75. Postpaid.**

CALIFORNIA (Pat. No. 499)—Long buds of ruddy tone blended with saffron yellow expand into magnificent flowers, outer side of petals overlaid with golden rose. Glossy foliage; fragrant. **Each \$1.25; 3 for \$3.15. Postpaid.**

CHARLOTTE ARMSTRONG (Pat. No. 455)—All America Selection for 1941. Streamlined buds of spectrum red open to full blooms of rich cerise. Flowers cerise in hot weather and spectrum red in cool weather. **Each \$1.50; 3 for \$3.75. Postpaid.**

COUNTESS VANDAL (Pat. No. 38)—Long pointed buds. Distinctive coppery bronze color suffused with soft gold. **Each \$1.35; 3 for \$3.40. Postpaid.**

CRIMSON GLORY (Pat. No. 105)—Urn-shaped buds expand into large semi-double blooms of deep velvety-crimson. Fragrant, lasting flowers. Highest rated red rose nationally. **Each \$1.35; 3 for \$3.40. Postpaid.**

DEBONAIR (Pat. No. 677)—Rich primrose yellow, old fashioned rose fragrance, disease-resistant foliage. **Each \$1.50; 3 for \$3.75. Postpaid.**

DIAMOND JUBILEE (Pat. No. 824)—Large ovoid buds of buff yellow open to double blooms of orange yellow, with moderate fragrance. Leathery foliage. **Each \$2.00; 3 for \$5.00. Postpaid.**

ECLIPSE (Pat. No. 172)—Sleek, streamlined buds of clear yellow, profuse bloomer and ideal for boutonnières. **Each \$1.35; 3 for \$3.40. Postpaid.**

FANDANGO (Pat. applied for)—New and interesting turkey-red with contrasting yellow base. **Each \$2.00; 3 for \$5.00. Postpaid.**

FANTASIA (Pat. No. 590)—Golden yellow buds with a satiny silver sheen produced with almost floribunda profusion. Unique wild-rose fragrance. **Each \$1.50; 3 for \$3.75. Postpaid.**

FORTY-NINER (Pat. No. 792)—Brilliant bicolor. Rich yellow outside, vivid red inside. Chrome yellow bud. Vigorous grower and quite free from thorns. The best non-fading bicolor rose. **Each \$2.00; 3 for \$5.00. Postpaid.**

FRED EDMONDS (Pat. No. 731)—All America Selection for 1944. Symmetrical buds of burnt-orange open to glorious blooms of vivid, glowing coppery-orange, slowly changing to apricot. A spreading plant with glistening olive green foliage. **Each \$1.50; 3 for \$3.75. Postpaid.**

GRAND DUCHESS CHARLOTTE (Pat. No. 774)—All America Selection for 1943. Perfectly formed buds of rich claret red change, as flower opens, to lovely begonia-rose. Richly fragrant and unusual in color. **Each \$1.50; 3 for \$3.75. Postpaid.**

HEART'S DESIRE (Pat. No. 501)—All America Selection for 1942. Small, slender buds of deep red opening to a loose semi-double flower of velvety red which does not fade. True rich old-time rose fragrance. **Each \$1.50; 3 for \$3.75. Postpaid.**

PATENTED ROSES

HECTOR DEANE (Pat. No. 361)—One of the most fragrant of all roses; perfumes the whole garden. Carmine red in cooler weather changing to deep pink in warmer areas. Each \$1.35; 3 for \$3.40. Postpaid.

 **LOWELL THOMAS** (Pat. No. 595)—Very double high-centered flowers of a lasting canary yellow. Vigorous, compact bush of upright habit and leathery foliage. Each \$1.50; 3 for \$3.75. Postpaid.

MARK SULLIVAN (Pat. No. 599)—Delightful combination of golden yellow shaded with rose-pink and cerise. A spectacular success in the northwest. Each \$1.50; 3 for \$3.75. Postpaid.

NEW YORKER (Pat. No. 832)—Perfectly formed blooms, scarlet to red, overlaid with a rich sheen of velvet. Breath-taking succession of flowers. Each \$2.00; 3 for \$5.00. Postpaid.

 **NOCTURNE** (Pat. No. 713)—Large pointed buds open to semi-double blooms of cardinal red shading to deeper crimson. Strong fragrance. Each \$1.50; 3 for \$3.75. Postpaid.

ROSE OF FREEDOM (Pat. No. 791)—Delightful current-red with true rose fragrance. New wood is usually thornless. Each \$1.50; 3 for \$3.75. Postpaid.

 **RUBAIYAT** (Pat. No. 758)—All America Selection for 1947. Extra large blooms of rose-red inside of petals, with outside several shades lighter. Tall, vigorous plant, resistant to minor ills. Each \$1.50; 3 for \$3.75. Postpaid.

 **SAN FERNANDO** (Pat. No. 785)—Rich scarlet-crimson blooms borne singly on vigorous, upright plant. Strong fragrance. Each \$2.00; 3 for \$5.00. Postpaid.

SATURNIA (Pat. No. 349)—Exciting color contrast distinguishes this rose. Brilliant cardinal-red inside of petals, with reverse salmon-yellow and copper. Fragrant. Each \$1.50; 3 for \$3.75. Postpaid.

FORTY-NINER (Pat. 792)

TALLYHO (Pat. 828)

TAFFETA (Pat. 716)

DEBONAIR (Pat. 508)

SHOW GIRL (Pat. No. 646)—Lovely pink deepening to scarlet-pink in cool weather. Profuse bloomer, generous foliage, needs plenty of room. Each \$1.50; 3 for \$3.75. Postpaid.

SONATA (Pat. No. 732)—Shapely buds of cochineal-red, outside of petals several shades lighter than inside. Very fragrant and ideal for cutting. Each \$1.35; 3 for \$3.40. Postpaid.

 **TAFFETA** (Pat. No. 716)—Perfectly formed, fragrant buds of rich carmine-rose changing to begonia-rose in the open flower. Glossy dark green leaves, mahogany-red in the young growth. Each \$1.50; 3 for \$3.75. Postpaid.

 **TALLYHO** (Pat. No. 828)—The outside varies from crimson to cardinal, the inside offers varying shades of Tyron rose, China rose, phlox pink. Spicy fragrance. Robust grower. Each \$2.00; 3 for \$5.00. Postpaid.

WHITE WINGS (Pat. No. 850)—Pure, clear-white petals around a golden center crown form a glistening contrast to the laurel-green foliage. Blooms in pyramidal sprays. Each \$1.50; 3 for \$3.75. Postpaid.

MINIATURE ROSE

PIXIE (Pat. No. 408)—TINY MINIATURE ROSE. Perfectly formed tiny white rose buds, so small that you can put a whole bouquet of them in a vase 1 inch high. 4-inch pots, each 85c; 3 for \$2.25. Postpaid.

CHRISTOPHER STONE

MRS. DUPONT

STANDARD ROSES

OREGON FIELD-GROWN

2-Year, No. 1 Rose Bushes

Each \$1.00; 6 or more, 90c each

BETTY UPRICHARD—Large, delicate salmon-pink flowers, reverse of petals carmine with a coppery glint.

CHRISTOPHER STONE—Scarlet crimson that does not blue; vigorous. Beautifully waved petals, long pointed buds. Heaviest blooming red known.

DAINTY BESS—Single crinkled petals of appleblossom pink; dark stamens. Continuous bloomer.

ETOILE DE HOLLAND—One of the most popular brilliant crimson red roses. Oval buds, large double flowers, fragrant.

McGREDY'S IVORY—Symmetrical ivory buds opening slowly to immense white blooms.

McGREDY'S YELLOW—Well-formed buttercup yellow buds expanding to semi-double blooms of light yellow.

MME. JULES BOUCHE—Very fragrant white, slightly flushed pink center, constantly in bloom.

MRS. SAM McGREDY—Large double blooms of orange-salmon, with a suffusion of gold. Bronze foliage.

PICTURE—Well shaped buds, medium sized fragrant rose-pink flowers. Vigorous plant, almost constantly in bloom.

POINSETTIA—Semi-double flowers of rich scarlet color, producing profusely throughout the season.

PRES. HOOVER—A glorious rose with charming combinations of cerise-pink, flame, scarlet and gold.

SISTER THERESE—Chrome-yellow, perfectly formed buds tinged with carmine. The light yellow open blooms, spicily fragrant, develop deeper tones of apricot and gold.

TALISMAN—A most popular rose, fine for cutting. Blended colors of orange, yellow, rose-red and scarlet on a background of old gold.

THE DOCTOR—Curling pointed buds of dark pink open to semi-double blooms of rich, pure pink, intensely fragrant.

MRS. P. S. DUPONT—Medium-sized long pointed buds of reddish-gold, opening to semi-double flowers of golden yellow.

McGREDY'S IVORY

THE DOCTOR

FLORIBUNDA ROSES

Newest development in Rosedom. Gives your garden June-day appearance from spring until heavy frost. Superb in borders, among evergreens and perennials. Especially suitable for table decorations and corsages.

CHATTER (Pat. No. 739)—Bright crimson flowers 2-3 inches across, produced in clusters. **Each \$1.25; 3 for \$3.15. Postpaid.**

FLORADORA (Pat. Pending)—Geranium-red blooms freely produced all season on erect, symmetrical plants. Glossy foliage. **Each \$1.00; 3 for \$2.75. Postpaid.**

GERANIUM RED (Pat. No. 811)—Fully double geranium red, abundant bloom. **Each \$1.50; 3 for \$3.75. Postpaid.**

GOLDBLOCKS (Pat. No. 672)—Glorious sunshine yellow, finest of yellow floribundas. Buds open gracefully to many-petaled, showy blooms, produced continuously all season. Wild rose fragrance. **Each \$1.50; 3 for \$3.75. Postpaid.**

 **PINKIE** (Pat. No. 172)—Abundant double blooms of deep pink (Neyron rose) borne in clusters. Ideal for vase or corsage. Bushy, dwarf plant, suitable for hedges. **Each \$1.50; 3 for \$3.75. Postpaid.**

PINOCCHIO (Pat. No. 484)—Rich salmon flush with gold changing to soft clear pink as bloom develops. Exotic, fruity fragrance, ever-blooming, disease-resistant. **Each \$1.25; 3 for \$3.75. Postpaid.**

RED PINOCCHIO (Pat. No. 484) Fragrant velvety-red version of the popular Pinocchio. **Each \$1.50; 3 for \$3.75. Postpaid.**

ROSE ELFE—Miniature flowers silvery rose-pink in color, produced continually throughout the summer. **Each \$1.00; 3 for \$2.75. Postpaid.**

RED PINOCCHIO (Pat. 484)

PINOCCHIO (Pat. 481)

WHY THESE ROSES

Rose varieties listed in this catalog have been selected in cooperation with recognized authorities on rose culture for their adaptability to Pacific coast and northwest growing conditions, as well as for their beauty and performance.

Superior Quality at Reasonable Prices

VISITORS ARE ALWAYS WELCOME

Our customers tell us that we have the finest display of First Quality, reasonably priced Nursery Stock in all the Northwest.

GOLDBLOCKS (Pat. 672)

PINKIE (Pat. 712)

BLAZE (Pat. 10)

For the trellis, porch or arbor, the Climbing Roses produce a most wonderful covering of delicate foliage and delightful flowers.

HIGH NOON (Pat. 704)

CLIMBING ROSES

ONLY ONE GRADE — THE BEST

Postpaid Prices:

Two Year No. 1—Top Grade. . . . \$1.10 each

Three for \$3 (except as otherwise listed)

CLI. BLAZE (Pat. No. 10)—The everblooming counterpart of Paul's Scarlet. Brilliant red blooms can stand full sun. Each \$1.50; 3 for \$3.75. Postpaid.

CITY OF YORK—Buff-yellow flowers open to creamy white blooms, produced abundantly in May and June.

CLI. CRIMSON GLORY (Pat. No. 736)—Large semi-double blooms of deep velvety-crimson, fragrant, lasting flowers. Each \$2.00; 3 for \$5.00. Postpaid.

CLI. ETOILE DE HOLLAND—Very satisfactory all-around red climbing rose. Deliciously fragrant.

CITY OF YORK (Pat. Pending)

CLI. MRS. E. P. THOM—Vigorous climbing rose covered with yellow buds and flowers, like the bush type but more free-flowering.

CLI. PRES. HOOVER—A glorious rose with blooms of blended cerise-pink, flame, scarlet and gold.

CLI. TALISMAN—A climbing sport of the popular bush form. Flowers a mixture of orange, yellow, rose-red, scarlet and gold.

HIGH NOON (Pat. No. 704)—Clear yellow buds on almost thornless stems, handsome, glossy foliage, blooms through the summer and fall. Each \$2.00; 3 for \$5.00. Postpaid.

KITTY KININMONTH—Rich, pink water lily blooms open wide to show golden stamens. Everblooming with sufficient water and food.

PAUL'S SCARLET—The most popular of all red climbing roses. Vivid scarlet flowers of large size produced in clusters.

FLOWERING SHRUBS

Postpaid Prices: Each 3 or more
 Strong No. 1 Plants.....\$1.25 \$1.00 each
 (Except as otherwise listed)

Flowering shrubs herald the advent of spring as surely as do the nesting birds. They add colorful, fragrant blooms to garden and fence corners, and illuminate the permanent screen of evergreens.

Flowering shrubs give the finishing touch so much required by small and large home-grounds. When properly arranged, shrubs will soften the lines of the foundation, will provide an effective border screen, will cover the edges of walls and screen objectionable views.

ALTHEA (Rose of Sharon)

Bright glossy leaves; flowers similar to a rose. Hardy summer and fall blooming shrub. **Double white, double pink, double purple, and double red.**

BARBERRY

Japanese Thunbergi—An excellent group plant or for hedging. Foliage turns to a bright crimson before falling. Red berries.

JAPANESE BARBERRY

TREE HYDRANGEA P. G.

HYDRANGEA

Aborescens (Hills of Snow)—Showy flower heads from June to cold weather.

Otaki—Profuse double blue blossoms. Low and slow growth. Heavy clumps. **Each \$1.50; 3 for \$3.75.**

Paniculata Grandiflora—Large cone shaped flowers of white in August, changing to pink.

Tree Hydrangea P. G.—Tree form of *Paniculata Grandiflora*. **Each \$2.50, 3 for \$6.75.**

BUTTERFLY BUSH (Buddleia)

An attractive shrub of spreading pendulous habit of growth; the branches tipped with long spikes of charming perfumed blossoms.

Charming—Long sprays of lavender-pink blooms.

Dubonnet—A new dark wine. Large spikes and individual flowers of good size.

Ile de France—Large flowers of rich, reddish-purple, borne in long panicles.

BEAUTY BUSH (Kolkwitzia)

In the spring, the graceful, arching branches of this fine shrub are completely covered with lovely pink flowers. The foliage itself is very attractive.

CORALBERRY

Symphoricarpus Vulgaris—A slender branched upright shrub for shady places. Fruit is purplish red and hangs on well into winter; flowers small, rose colored.

CRANBERRY BUSH (Viburnum Opulus)

Tall growing snowball, producing red berries during late summer and fall.

DEUTZIA

Rosea—White flowers tinged with pink on backs of petals, giving the plants a pink effect.

Gracilis—A dwarf compact form with clear white flowers.

Pride of Rochester—Tall growing, white flowers tinged rose on back.

FORSYTHIA

All varieties are grown for their pretty bright yellow flowers very early in the spring, ahead of their leaves.

Fortunei—Upright heavy arching branches.

Spectabilis—Largest, darkest flowers.

Suspensa—Weeping.

HYDRANGEA

New Hybrid Selections—Blooming June to October. Gorgeous new colors for partially shaded plantings.

Add Bonemeal or Lime for better pink and red color. Add 1 tablespoon per plant of Aluminum Sulphate for blue color.

Blues—Blue Prince, Kunert, Royal Blue and Rosa Bella.

Pinks—Stafford and Chisholm.

Reds—Revelation and Amie Pasqua.

Whites—Engle's White and Giant White.

Evergreen Shrubs

Indispensable in all ornamental plantings. They impart a finish to the landscape whether planted as single specimen, or grouped together in mass.

GOLDEN IRISH YEW

ARBORVITAE

Berkman's Golden—The most popular dwarf, golden arborvitae. Very compact, globe-shaped, bright golden foliage. **12-15 inch \$3.25 each; 15-18 inch \$3.75 each.**

Globe—Bright green compact pointed globe with vertical fan-shaped branch development. **12-15 inch \$2.75 each.**

Little Gem—Deep rich green foliage of unusual fineness, compact dwarf habit of growth. **6-9 inch \$2.75 each; 9-12 inch \$3.25 each.**

Pyramidalis—Upright compact column type with light green foliage which keeps dense without shearing. **18-24 inch \$2.75 each; 2 to 3 foot \$3.50 each.**

CEDRUS DEODARA (California Christmas Tree)

Leaves light green to bluish, with wide spreading, pendulous branches which are carried horizontal to the trunk clear to the ground. **2 to 3 foot \$4.50 each.**

CYPRESS

Blue Alumi—Upright, symmetrical compact growth. Foliage is a rich blue. **18-24 inch \$2.50 each; 2 to 3 foot \$3.25 each.**

Elwoodi—Dwarf, compact, columnar growth. Unusual silver-blue foliage. **15 to 18 inch \$3.25 each; 18 to 24 inch \$4.00 each.**

Erecta Veridis—Pyramidal type with bright green foliage. **18-24 inch \$2.75; 2-3 ft. \$3.50.**

Stewarti—Graceful pyramid of rich golden yellow foliage. **18-24 inch \$3.25; 2-3 ft. \$4.00.**

HEATHER

9 to 12 inch \$1.25 each; 12 to 15 inch \$1.75 each.

Irish Bell—White, bell-shaped flowers.

Maxwell—Red, summer blooming.

Mediterranean—Pink, fall and winter blooming.

Springwood—White, winter blooming.

Mediterranean Maxima—Upright tall heather with very dense dark green foliage and producing a wealth of purple tinted flowers in the spring.

JUNIPER

Irish—Tall slender shrub; dense blue-green foliage on stems which grow vertically from base of the plant. **18 to 24 inch \$3.25; 2 to 3 ft. \$3.75 each.**

Pfitzers—Silvery green foliage on low spreading branches. Excellent ground cover and in foundation plantings. **12 to 15 inch \$3.00; 15 to 18 inch \$3.50 each.**

Golden Pfitzers—Similar to Pfitzers but having golden foliage. **12 to 15 inch \$3.25; 15 to 18 inch \$3.75 each.**

Tamariscifolia—A low-growing trailing variety with very fine needles of bluish green. **12 to 15 inch \$3.25 each.**

PINE, MUGHO

A densely branched dwarf tree, upper branches erect, lower ones recumbent. Needles dark green and stiff. **12 to 15 inch \$2.75 each; 15 to 18 inch \$3.50 each.**

SPRUCE

Dwarf Alberta (Arctic or Polar)—Extremely close, pyramidal growth, thickly covered with short, close-set, twiggy branches, grass-green leaves. Unlike any other evergreen. **18 to 24 inch \$5.00 each.**

Colorado Blue—Horizontal branches with close-set steel blue needles. Handsome symmetrical tree, erect and stately. **15 to 18 inch \$4.00 each; 18 to 24 inch \$5.00 each.**

Norway—A rapid growing erect tree with short dark green needles. Favorite outdoor Christmas tree. **18 to 24 inch \$3.25; 2 to 3 foot \$3.75.**

RETINOSPORA

Filifer (Threadbranch)—Green foliage arranged in dense thread or cord-like branches. Semi-dwarf. **12 to 15 inch \$3.00 each.**

Filifer Aurea Nana—Dwarf golden form of the above. **12 to 15 inch \$3.50 each.**

YEW

All varieties: 15 to 18 inch \$3.50; 18 to 24 inch \$4.50 each.

Irish—Dense green foliage cover the erect columnar evergreen.

Golden Irish—A golden variegated variety of Irish Yew.

English—Dark green foliage, upright growth.

Golden English—Dense golden-tipped foliage on the erect shrub.

PFITZER'S JUNIPER

Evergreens Shipped EXPRESS OR AUTO FREIGHT COLLECT

These shrubs are dug with roots in a ball of earth to insure their growth, and this additional weight adds to shipping cost.

Prices quoted here are low f.o.b. Nursery prices, and shipments are made Express or Freight Collect.

If you wish your plants shipped prepaid, add 20% to prices quoted.

Broad-Leaved Evergreens

Broad-Leaved Evergreens Shipped by EXPRESS OR AUTO FREIGHT COLLECT

These shrubs are dug with roots in a ball of earth to insure their growth; this additional weight adds to the shipping cost. Prices quoted here are low f.o.b. Nursery prices, and shipments are made Express or Freight Collect.

If you wish your plants shipped prepaid, add 20% to the prices quoted.

SHADE LOVING VARIETIES—Early morning sun and acid soil encourage these plants to develop their full loveliness. A loose mulch of leaf mold or compost should take the place of frequent cultivation.

ANDROMEDA

Japonica—Shiny dark green foliage whose new leaves are red-tinged. White masses of drooping flowers resembling large sprays of Lily of the Valley. **12-15 inch \$2.25; 15-18 inch \$2.75.**

ARBUTUS (STRAWBERRY TREE)

ARBUTUS (Strawberry Tree)

Uneda—Evergreen plant growing 8 to 15 feet tall, bark red peeling off in thin places, red to white flowers produced in spring, beautiful scarlet fruit in the autumn. **12-18 inch. \$2.00.**

AUCUBA

Golddust—Large glossy green leaves spotted with gold. Bright red berries in the fall. (Pollenizer required.) Valuable for shady locations. **12-15 inch \$2.00; 15-18 inch \$2.50.**

Green—Like the above but leaves entirely green. Plants bear brilliant red berries. (Pollenizer required.) For shady locations. **12-15 inch \$2.25; 15-18 inch \$2.75.**

Pollenizer—**12-15 inch \$2.25; 9-12 inch \$1.75.**

DAPHNE

Cneorum—Low spreading growth, short slender leaf, dark green and glossy above with gray beneath. An abundance of fragrant pink flowers both spring and fall. **6-9 inch \$2.00; 9-12 inch \$2.50.**

Odo-a—Bushy evergreen shrub, light green leaves bordered with white. Clusters of very fragrant flowers in early spring. **9-12 inch \$2.00; 12-15 inch \$2.50.**

KALMIA (Mountain Laurel)

Latifolia—Oval waxy green leaves, delicate pink flowers borne in clusters. Blooms May-June. **12-15 inch \$3.00; 15-18 inch \$3.50.**

Portifolia—Narrow, glossy leaves on upright branches, low growing evergreen shrub. Bright pink blooms, spring and early summer. **12-15 inch \$3.25.**

LAURESTINUS

Bushy evergreen shrub with clusters of pinkish-white flowers November to April. Equally good in sun or shade. **12-15 inch \$2.00; 15-18 inch \$2.50.**

SKIMMIA JAPONICA

Narrow glossy green leaves on desirable dwarf evergreen shrub. Bright red waxy berries during the winter when planted with a pollenizer. **12-15 inch \$2.50; 15-18 inch \$3.00.**

Pollenizer—**9-12 inch \$2.25; 12-15 inch \$2.75.**

Rhododendrons

HANDSOMEST

RHODODENDRON, FABIA

RATING AND CLASSIFICATION

The asterisks (*) indicate the rating of variety as given by the British Rhododendron Association. The letters A, B, and C are used as a guide in the selection of the site for planting. Those marked "A" are hardy and may be planted in full exposure, if desired. Those with "B" classification should have some protection to be grown to best advantage. Varieties marked "C" must have protection from the sun; hardy along coast and in warm gardens.

Rhododendrons Shipped Express or Freight Collect
